REQUEST FOR CERTIFICATE OF CORRECTION

Mail Stop PETITIONS  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

It is respectfully requested that a Certificate of Correction be issued to correct the error specified in the attached duplicate copies of Certificate of Correction Form PTO-1050. A request for a Certificate of Correction regarding the same correction was submitted along with the fee set forth in 37 CFR 1.20(a) on November 27, 2006. However, the previous request for issuance of a Certificate of Correction was denied because the request did not state that the assignment was submitted for recordation as set forth in 37 CFR 3.11 before issuance of the patent, and the request did not include the processing fee set forth in 37 CFR 1.17(i). The assignment for the above-noted patent application/issued patent was submitted for recordation as set forth in 37 CFR 3.11 before issuance of the patent. The assignment was recorded on 2/27/2004 at Reel/Frame 015031/0222. However, the application serial number was incorrectly noted on the Notice of Recordation. Subsequently, the application number was corrected and the corrected assignment document was recorded on 12/22/2004 at Reel/Frame 015480/0355.

As noted in the letter denying the request for Certificate of Correction, because a fee of \$100.00 was previously submitted for consideration of a Request for Certificate of Correction, under CFR 1.323, no additional fee is required under CFR 1.20(a). However, a check in the

amount of One Hundred Thirty Dollars (\$130.00) is attached in accordance of the provisions set forth in 37 CFR 1.17(i). Please charge any additional fees due or credit any overpayment to Deposit Account No. 16-0631 as needed to ensure prompt issuance of a Certificate of Correction.

Respectfully submitted,
